IBRAHIM MEMON

FRONTEND DEVELOPER

EXPERIENCE

FRONTEND DEVELOPE (REACTJS)

SOFTRONET INC. | 2021- PRESEN

It's a consultancy and solutions firm. My role is focused on creating new web applications other technologies and improve existing applications. I work with a team of 5 which includes a U/UX designer, backend developer, QA and a project manager.

My latest work that I've been working from last 6 months is a conference & community management application which includes speakers, attendees and ticket management + a presentation and the stage manager. It's a very exciting project.
